

# ***Koffee Klatch at City Hall ?***

# **Poll for Your Opinion**

**Get-together** at City Hall (perhaps daily—if enough people are interested) during business hours.

Perhaps **walk there** from *Food Not Bombs* through downtown.

**Try to talk with City Council members** and/or Staff about problems outside and grievances.

**Sip coffee** while we're waiting.

**Share concerns with media**—if any show up.

**Hang out** until those in power start to notice.

**Keep coming back**—the problems aren't going away.

**Confront those responsible** for the recent sweeps, misuse of money, and other abuses against the poor outside.

**Tell the real facts** to them, the media, and the community from the people being pushed around.
